

We kindly invite you to celebrate European Diversity Month 2022
a panel discussion:

»EMPOWERING WOMEN IN BUSINESS«

will take place on the 31st of May 2022 at 10.00 CET.

Virtual event is organized by Slovenian and Croatian Diversity Charter as a part of the celebration of European Diversity Month.

Six women that broke glass ceiling in their industry, will join us and share their stories and good diversity & inclusion practices. We expect to exchange critical views and key challenges on gender equality and inclusion of diversity in the workplace.

We will also share experience of the first Slovenian and Croatian Women Leader's Diversity Delegation who met with their Austrian colleagues in Vienna, which was supported by the Slovenian and Croatian Diversity Charters and Managers Association Slovenia.

The round table is an opportunity to open conversation with women about gender equality in the workplace, and also an opportunity to reaffirm the importance of diversity and inclusion in re-building the world we want.

The event is free of charge, but registration is required: [APPLICATION FORM](#)

Looking forward to see you!

Team of Diversity Charter Slovenia & Croatia

The event will be held in English.
