

INVITATION

To celebrate European Diversity Month in May 2021

“DIVERSITY and INCLUSION in EDUCATION”

will take place on 25th of May 2021, at 13.00 CET

Virtual event is organized by **Slovenian Diversity Charter** in collaboration with **Croatian Diversity Charter** as part of **celebration of European Diversity Month in May 2021**.

The **round table** is an **opportunity to exchange good practice in managing diversity and inclusion in educational sector** in times of pandemic and to reaffirm the importance of managing diversity and inclusion in educational sector.

Guests from educational sector (primary, secondary, tertiary) will share good D&I practices, obstacles, opportunities and solutions in times of Covid-19.

Both countries experienced school closures, education was suddenly faced with an extraordinary new reality: students at all levels, became homebound, together with their parents and extended families. We could witness education crisis that exacerbated inequalities in education and disproportionately hurt vulnerable and disadvantaged students, and on the other side, teachers were faced with new set of challenges (new technologies, work life balance, work from home, etc.).

The event is free of charge, but registration is required: [APPLICATION FORM](#)

We will provide you shortly with a more detailed programme and speaker profiles.*

*Looking forward to seeing you!
